

## SUBJECT INDEX FOR VOLUME 24

## A

- American College of Physicians fellowships for Latin-American physicians, 264 (Jy.).  
 American Medical College Association, 381 (Nov.).  
 Anatomy, freshman, as a correlated course (Huber), 130 (May).  
 Angiology, 396 (Nov.).  
 Applicants for 1948, 316 (Sept.).  
   group interviewing as a method of evaluating (Wood, Ades, Whitaker), 158 (May).  
   for admission to September, 1948, freshman class, U. S. Medical Colleges (Smiley-Zaleski), 339 (Nov.).  
 Application, rejection of, 176 (May).  
 Army General Hospitals, clinical clerkships in, 188 (May).  
 Association of Canadian Medical Schools, 189 (May).  
 Audiovisual aids, curriculum integration of in preventive medicine and public health, 10 (Jan.).

## B

- Biophysics, nature of and responsibilities of department (Burton), 239 (Jy.).  
 role in medical education (Warren), 129 (May); (Selle), 135 (May).  
 Borden Award, 46 (Jan.).

## C

- Canadian medical fellowship program, 330 (Sept.).  
 Cancer learning, study of methods for improvement of (Bierman-McClelland), 351 (Nov.).  
 teaching film, 123 (Mar.).  
 Chicago Medical School, 60 (Jan.).  
 Child care, role of teaching hospital (Hubbard), 373 (Nov.).  
 Clerkship, clinical, for sophomores (Slaughter), 193 (Jy.).  
   clinical, teaching of social medicine on (Poncher-Richmond), 97 (Mar.).  
   in Army General Hospitals, 188 (May).  
 Credentials, foreign, evaluating, 173 (May).  
 Cunningham, Eileen R., honored by Medical Library Association, 188 (May).  
 Curriculum, medical, 372 (Nov.).  
   planning a (Hurd), 166 (May).  
   what is the medical? 350 (Nov.).

## D

- Doctors, need for, 248 (Jy.).

## E

- Editorials: 45 (Jan.); 109 (Mar.); 173 (May); 245 (Jy.); 313 (Sept.); 379 (Nov.).  
 Education, medical, as seen from the sidelines (Russell), 5 (Jan.).

- medical, elective system in, 382 (Nov.).  
 medical, financial aid for, 247 (Jy.).  
 medical, in England (Harnard), 106 (Mar.).  
 medical, in review, 389 (Nov.).  
 medical: Meeting of Medical Colleges in Deadwood, S. D., 314 (Sept.).  
 medical, role of biophysics in (Warren), 129 (May); (Selle), 135 (May).  
 medical, Mississippi program (Pankratz), 75 (Mar.).  
 medical, survey of, 45 (Jan.).  
 medical, young physician anatomist (Gardner), 162 (May).  
 tropical medicine (Cameron), 308 (Sept.).  
 Examination for scientist (physiologist), regular corps, U. S. Public Health Service, 398 (Nov.).

## F

- Fellowship, Jessie Horton Koessler, 189 (May).  
 program, Canadian, sponsored by the A. A. M. C., 339 (Sept.).  
 programs and grants, study of public health service, 175 (May).  
 Fellowships for Latin-American physicians: American College of Physicians, 264 (Jy.).  
 funds, and prizes, 383 (Nov.).  
 in child guidance psychiatry, 122 (Mar.).  
 research, in medicine, 266 (Jy.).  
 traveling, of Smith, Kline & French Laboratories, 333 (Sept.).  
 Film, cancer teaching, 123 (Mar.).  
   television, for teaching medicine and surgery, 123 (Mar.).  
 Films, medical, new approach to (Dryer), 21 (Jan.).  
 Finances and medical schools, 317 (Sept.).  
 Financial aid for medical education, 247 (Jy.).  
 Foreign medical schools, 177 (May).  
 Foundation, North Carolina Medical, 332 (Sept.).  
 Four quarter plan in Tennessee after 18 years (Hyman), 286 (Sept.).  
 Frauds, 47 (Jan.).  
   warning against, 109 (Mar.).  
 Fulbright Act: Research and teaching abroad, 178 (May).

## G

- Grants and fellowship programs, study of public health service, 175 (May).

## H

- Hahnemann Medical College, 251 (Jy.).  
 Healing Arts Educational Advisory Committee, 110 (Mar.).  
 Health education for undergraduates, experiment in instruction (Shapiro, Lifson, Dublin), 229 (Jy.).  
   national and the medical school (Scheele), 87 (Mar.).  
 State Rural Committee in action, 179 (May).

## I

- Infantile Paralysis, courses in, 266 (Jy.).  
 Intern placement, 110 (Mar.).  
     placement plan, uniform, for 1949, 42 (Jan.).  
     resident training in a private general hospital (Weiser), 200 (Jy.).  
     shortage, 45 (Jan.).  
 Interns, appointment of, 174 (May).  
     psychiatric and surgical residents, 265 (Jy.).  
 Internships, approved, 250 (Jy.).  
     civilian, U. S. Army, 396 (Nov.).  
 Interviewing, group, as a method of evaluating applicants for medical school (Wood, Ades, Whitaker), 158 (May).  
 Israeli Medical School, 263 (Jy.).

## J

- Jessie Horton Koessler fellowship, 169 (May).  
 Journal A. A. M. C., mailing list, 317 (Sept.).

## L

- Ladd, William Sargent, 382 (Nov.).  
 Licensure statistics, 246 (Jy.).  
 Library, medical, method of measuring the completeness of and an example of its application (Stehle-Gordon), 28 (Jan.).  
     medical, scholarships for students, 189 (May).  
 Liverpool School of Tropical Medicine (Woerling), 363 (Nov.).  
 Long, Eil Herr (obituary notice), 317 (Sept.).

## M

- Markle Fund grant for medical aid, 266 (Jy.).  
 Markle Scholars in medical science, 332 (Sept.).  
 Medical Film Institute of the A. A. M. C., 109 (Mar.); 177 (May); 245 (Jy.).  
 Medical Library Association, 189 (May).  
 Medical Reserve Officers (ROTC) training corps, U. S. Army, 250 (Jy.).  
 Medical school and the social scheme (Marshall), 100 (Mar.).  
 Medical schools and state boards of medical examiners, 383 (Nov.).  
 Medicine, practice and general semantics (Cullen), 33 (Jan.).  
     preventive, and public health for medical students (Powers), 344 (Nov.).  
     preventive, and public health, method for curriculum integration of audiovisual aids in (Ruhe-Stubbs), 10 (Jan.).  
     social, teaching of on the clinical clerkship (Poncher-Richmond), 97 (Mar.).  
 Mississippi medical education program (Pankratz), 75 (Mar.).

## N

- Neurology, present outlook for (Bailey), 214 (Jy.).  
     teaching of (Wolf), 142 (May).  
 New Jersey, medical school for, 124 (Mar.).  
 New York State University medical schools, 331, 333 (Sept.).  
 News, Association: The 1949 meeting, 169 (Mar.); 310, 313 (Sept.); 379 (Nov.).  
     book: 61 (Jan.); 125 (Mar.); 190 (May); 267 (Jy.); 334 (Sept.); 399 (Nov.).

- college: 48 (Jan.); 111 (Mar.); 180 (May); 252 (Jy.); 318 (Sept.); 384 (Nov.).  
 general: 60 (Jan.); 122 (Mar.); 188 (May); 263 (Jy.); 330 (Sept.); 396 (Nov.).  
 North Carolina Medical Foundation, 332 (Sept.).

## O

- Obstetrics and gynecology prize, 123 (Mar.).  
 Ohio rural medical scholarships, 265 (Jy.).  
 Organizing a new medical school (Turner), 273 (Sept.).  
 Orientation courses for medical students (Peery), 65 (Jan.).  
 Orthopedic surgery, research in, 266 (Jy.).

## P

- Physician population of South Dakota, contribution of Basic Science School to (Hard), 292 (Sept.).  
 Physicians, shortage of in armed forces, 175 (May).  
 "Pity the Student," 364 (Nov.).  
 Plasma proteins, symposium on, 332 (Sept.).  
 Practice, art of medical (Allen), 298 (Sept.).  
 Prescription writing, more teaching needed, 251 (Jy.).  
 Private medical service, successful training program for house officers on (Alexander), 236 (Jy.).  
 Prize in obstetrics and gynecology, 123 (Mar.).  
 Psychiatric and surgical residents and interns, 265 (Jy.).  
 Psychiatry, fellowships in child guidance, 122 (Mar.).  
     teaching of, and the new medical curriculum (Arling), 280 (Sept.).  
     training, Federal aid for, 46 (Jan.).  
 Psychotherapy, postgraduate center for, 122 (Mar.).  
 Public health and preventive medicine for medical students (Powers), 344 (Nov.).  
     health and preventive medicine method for curriculum integration of audiovisual aids in (Ruhe-Stubbs), 10 (Jan.).  
     health service grants and fellowship programs, study of, 175 (May).  
 Puerto Rico, University, School of Medicine, 333 (Sept.).

## R

- Recalling the past, 343 (Nov.).  
 Research and medical education, young physician anatomist in (Gardner), 162.  
 fellowships in medicine, 266 (Jy.).  
     grants, 122 (Mar.).  
     grants, federal, 397 (Nov.).  
     in orthopedic surgery, 266 (Jy.).  
     medical, in U. S. (Debre), 365 (Nov.).  
     medical, Jane Coffin Childs memorial fund for, 396 (Nov.).  
 ROTC: Medical Reserve Officers training corps, U. S. Army, 250 (Jy.).

## S

- Scholarship, medical, rural, 397 (Nov.).  
     medical, Mississippi, 397 (Nov.).  
 Scholarships for medical library students, 189 (May).

Ohio rural medical, 265 (Jy.).  
 Semantics, general, and the practice of medicine (Cullen), 33 (Jan.).  
 Soley, Dr. Mayo, 251 (Jy.).  
 South Dakota Basic Science School, contribution of to physician population in its state and area (Hard), 292 (Sept.).  
 St. Thomas Medical School (Barnard), 100 (Mar.).  
 Student success or failure, analysis of factors influencing (Hurd), 39 (Jan.).  
 Students, selection of, 397 (Nov.).  
 Survey of medical education, 45 (Jan.).

## T

Teaching, cancer film, 123 (Mar.).  
 freshman anatomy as a correlated course (Huber), 150 (May).  
 medicine and surgery, television film for, 123 (Mar.).  
 neurology (Wolff), 142 (May).  
 of prescription writing, more needed, 231 (Jy.).  
 of psychiatry and the new medical curriculum (Arling), 280 (Sept.).  
 of social medicine on clinical clerkship (Poncher-Richmond), 97 (Mar.).  
 statistical methods in medicine (Luykx), 208 (Jy.).  
 in toxicology (Hine), 93 (Mar.).  
 Tennessee four quarter plan after 18 years (Hyman), 286 (Sept.).  
 Texas, University, second medical school in Dallas, 333 (Sept.).

Toxicology, university instruction in (Hine), 93 (Mar.).  
 Tropical medical education (Cameron), 308 (Sept.).

## U

Uniform intern placement plan for 1949, 42 (Jan.).  
 University of Puerto Rico School of Medicine, 265 (Jy.); 333 (Sept.).  
 Upjohn names assistant directors for medical division, 124 (Mar.).

## V

Visual aids, medical, production and use of, 47 (Jan.).

## W

Warning against frauds, 109 (Mar.).  
 Warren Triennial Prize, 333 (Sept.).  
 West Virginia, four year medical school for, 124 (Mar.); 396 (Nov.).  
 Women physicians, honor to, 189 (May).  
 World Federation for Mental Health Bulletin, 264 (Jy.).

## Z

Zapffe, Fred C., Dr., 1 (Jan.).  
 resolutions of appreciation, 110 (Mar.).

# Books on HOSPITAL ADMINISTRATION

FOR MEDICAL MEN and WOMEN interested in the promising careers offered in the field of Hospital Administration. These books are used as standard texts in all university courses in hospital administration.

---

## HOSPITAL ORGANIZATION AND MANAGEMENT.....per copy \$8.50

By Malcolm T. MacEachern, M.D., Associate Director of the A.C.S., 1,078 pages—Accepted by administrators of hospitals throughout the world since 1935 as their manual and guide. 1946 revised edition with much new and important material added. In 1949 printing.

## MANUAL FOR MEDICAL RECORDS LIBRARIANS.....per copy \$4.50

By Edna K. Huffman, R.R.L., 400 pages—Discusses in a practical, concise manner the procedures of the medical records department. Thoroughly revised.

## HOSPITAL PUBLIC RELATIONS.....per copy \$3.75

By Alden B. Mills, 384 pages—Contains helpful information and guidance for hospital administrators who are desirous of creating relations of mutual understanding, good will and respect among the staff, and between the hospital and public.

## PROBLEMS OF HOSPITAL ADMINISTRATION.....per copy \$2.00

By Charles E. Prall, Director, Joint Commission on Education of the A.C.H.A. and A.H.A., 120 pages—Natural division of 500 administrative problems. Report of study based on interviews with 100 hospital administrators located in various sections of the United States.

## THE COLLEGE CURRICULUM IN HOSPITAL ADMINISTRATION.....per copy \$2.00

By Charles E. Prall, Director, and Paul B. Gillen, Assistant, 120 pages—This final report represents Commission studies designed to help schools of hospital administration build their curricula and determine the number of students to accept.

## PURCHASING FOR HOSPITALS.....per copy \$2.25

By Walter N. Lacy, 108 pages—Explains procedure of purchasing hospital necessities, helpful attitudes toward salesmen, material testing, etc.

## AN AUTOBIOGRAPHY.....per copy \$2.00

By Grace Whiting Myers, 64 pages—The life and experiences of the revered first lady of the American Association of Medical Record Librarians described in her friendly New England manner.

## STANDARD NOMENCLATURE of Disease and Operations.....per copy \$4.50

Sponsored by the American Medical Association, 1,022 pages—An authoritative terminology of diseases and operations. For use in medical schools because it is the basic guide for correct diagnostic terminology and for cross-indexing purposes in every hospital.

## PHYSICIANS' RECORD CO., Publishers

161 W. Harrison  
Street

Chicago 5, Ill.  
U. S. A.

**Human Pathology**, by **Howard T. Karsner**, M.D., LL.D., *Medical Research Advisor to the Bureau of Medicine and Surgery, United States Navy; formerly Professor of Pathology, Western Reserve University.*

NEW, 7th EDITION of a popular textbook—the most radically and extensively revised edition of the book's long career. The chapter on infectious diseases and the section on diseases of the liver are entirely rewritten. Two new chapters are introduced: Diseases of the Eye and Diseases of the Skin. Contains more than 800 new references to the literature. 927 Pages, 562 Illustrations in Black and White and 22 Subjects in Color on 14 Plates. \$12.00 NEW 7th, EDITION.

**Fractures**, by **Paul B. Magnusson**, M.D., F.A.C.S., *Professor of Bone and Joint Surgery and Chairman of the Department, Northwestern University Medical School; and James K. Stack*, M.D., F.A.C.S., *Associate Professor of Bone and Joint Surgery, Northwestern University Medical School.*

The new, fifth edition of this widely used textbook is concerned with the fundamentals involved in the treatment of fractures and includes for the first time a chapter on the so-called "farmyard" reduction of fractures. The material on the physiology of bone and of muscle and the pathology of fractures is presented as a foundation on which—together with anatomy—the whole book rests. 537 Pages. 323 Illustrations. \$7.00. NEW, 5th EDITION.

**Essentials of Pharmacology**, by **Francis K. Oldham**, M.Sc., Ph.D., *Research Associate in Pharmacology; F. E. Kelsey*, Ph.D., *Associate Professor of Pharmacology; and E. M. K. Gelling*, Ph.D., M.D., *Chairman of the Department of Pharmacology—all of The University of Chicago.*

Intended to serve as an introductory text, stressing the general principles of the subject. English names for drugs and the metric system for dosages are used. A concise, up-to-the-minute review of the various drugs, their effect and uses, various preparations and a complete bibliography on each subject are given. 415 Pages. Illustrated. \$5.00.

**Essentials of Public Health**, by **William P. Shepard**, B.S., M.D., M.A., *Third Vice-President, Health and Welfare Division, Metropolitan Life Insurance Company; Clinical Professor of Public Health and Preventive Medicine, Stanford University School of Medicine. With the Collaboration of: CHARLES EDWARD SMITH*, M.D., D.P.H.; *RODNEY RAU BEARD*, M.D., M.P.H.; and *LEON BENEDICT REYNOLDS*, A.B., Sc.D.

Purposes and methods of public health work presented simply and, clearly for rapid understanding. Public health problems are considered through their cause, prevention and control. There are brief descriptions of the duties and activities of the various health agencies, both official and voluntary. 600 Pages. Illustrated. \$5.00.
